

FCIM Uganda Glory Secondary School

Four Corners International Mission, Inc. (FCIM) operates a Primary School in Iganga, Uganda, offering education up to the 7th grade. After completing the 7th grade, students must enroll in a Secondary School, which requires tuition payment, to continue their education.

FCIM Glory School serves approximately 374 students, including 122 orphans who reside in dormitories on campus. This year, we have a full graduating class in need of sponsors to support their transition to Secondary School. We are seeking sponsors to assist with tuition and school supplies for these students.

The requested sponsorship amount is \$166.30 per student, per quarter (three quarters per year). We have already secured several sponsors but are looking for more to support the remaining graduates. Sponsors can choose to support either a boy or a girl and your sponsorship will cover tuition, housing, uniforms, meals, and books. The quarterly periods are as follows: January-April, May-August, and September-December.

We welcome and appreciate your support in helping these students continue their education.
